

Elk County Catholic School System

Lunch Carrier Form 2013/2014

Students at Elk County Catholic School System will have the opportunity to choose to carry their lunch. In order for our cafeteria staff to properly plan for the number of lunches served, a choice may only be made at the beginning of each quarter. If a student chooses to carry his/her lunch, he/she must do so for the entire quarter.

Guidelines for carrying lunches are as follows:

- The lunches must be a "healthy" lunch. Students may not carry "junk food". No soda, candy bars, or unhealthy snacks.
- No refrigeration will be provided at the Middle/High School. Refrigeration is provided at the Elementary School.
- Students may choose to purchase a drink through the cafeteria line. This choice will also be made on a quarterly basis. They may not purchase other items in the ala carte line.
- If students bring in a drink from home, it must be a new, sealed, unopened container.
- There will be a pitcher of ice water available for those students who do not carry their drink or do not wish to purchase a drink.
- Lunches must be kept in the student's locker (Middle/High School)
