

# Join us for Elk-Cameron College and Career Fair Wednesday, September 28, 2022

**MISSION** Post-secondary institutions, military branches and local companies offering training opportunities and/or apprenticeships will be available to meet with students from schools in Elk and Cameron County to share information and answer questions about opportunities at their school or business for students who are seeking a variety of information about educational options to pursue after high school.

## GOALS

- ⇒ Encourage students to think about their academic and personal goals for the future, how they can reach them, and why college may be an important step for them to take.
- ⇒ Help students understand that there are numerous post-secondary/college possibilities for all students and that each student will be responsible for identifying their own options. Students will begin thinking about what characteristics they will look for in a college.
- ⇒ Introduce students to non-college options, such as certifications, apprenticeship and OJT Training.
- ⇒ Students will practice communication and public speaking skills networking with representatives.

### Academic Standards for Career Education and Work:

13.1.11 D,E,F,G,H    13.2.11 A,B,C
