This rare form of cancer is diagnosed in 1.7 children out of 1 million. Paisley is in the middle of a very aggressive treatment plan at John's Hopkins which consists of a number of surgeries and roughly one year of chemo treatments with possible radiation. Paisley's mother, Michelle (Quattrone) Ramarge is a 1995 graduate of St. Leo School and 1999 graduate of ECC. Thank you for your prayers and generosity in supporting this sweet girl and her family.*
